Section B Banking details

You **must** set up a Direct Debit instruction from a UK bank account to open a Selftrade account. You do not have to fund your account by Direct Debit. Your ISA annual account fee will be taken from the Dealing account that we open alongside your ISA. If there is insufficient cash in the Dealing account, we will debit your bank account to cover the fees.

This Direct Debit instruction gives you the flexibility to make payments at any time to and from your Selftrade account.

Funds will take at least three working days to clear. For immediate account funding, you can use a Switch/Maestro or VISA Delta debit card.

Please note that any cash withdrawn from an ISA cannot be repaid.

Selftrade will only execute trades if there are sufficient cleared funds available within the account to cover the cost of the trade.
